The principles lie at the heart of the GDPR. They are set out right at the start of the legislation, and inform everything that follows. They don't give hard and fast rules, but rather embody the spirit of the general data protection regime - and as such there are very limited exceptions.

The principles | ICO

The General Data Protection Regulations (GDPR) forms part of the Data Protection laws that are applicable in the UK, the most recent amendment was the Data Protection Act 2018.The subject of GDPR compliance for websites is vast, and applies to any information processed or captured by websites. Therefore this legislation would apply to cookies if they are capturing personal
