Harley-Davidson Engine Brightener - Wrinkle Black Engines

This would be a repair with the engine still in the bike, and not removing the engine, or dissambling it to re-paint. I heard a causal reference made to a paint made or sold by Harley Davidson that is being use to fix the flaking problem on Guzzi engine cases.

Is there a repair or fix for flaking bubbling engine case ...

Back to Black! Two minutes for S100 to take the engine back to a showroom look Simple solution for that greyed out look on black engine of my Harley - Highly Recommended. Chris - West Yorkshire. This is a great product I've just used the engine brightener on my Harley. It has brought it up to show room condition.

How to get your Harley Davidson Motorcycle Engine Back to ...

The wrinkle paint is more finicky during the drying process, as it needs to make a very sharp, clean design - where as the texture paint can just dry very non-uniformly and still get the desired result. With the wrinkle paint, if it doesn't dry optimally, the design can look bubbled and messy. Where as the texture will virtually always look the same.

VHT Wrinkle black vs HD wrinkle black paint [Archive ...

Wrinkle Black Cam Cover - 25364-01B | Harley-Davidson USA

The recoloring idea in one of the first replies is the best solution. Using a waded cloth dipped in gloss black and then rubbed on the old grayed black wrinkle paint will do a great job. After a few moments for the paint to set you can take a clean paper towel and dab the surface and knock down some of the sheen.
