Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Minecraft Construction Guide

A good place to start is Rogue Fox's guide to making an invisible button for a hidden piston door. The redstone circuit required is simple enough, but

it gets more complex when adding a dropper, a hopper, and a redstone comparator. Just make sure you follow the video closely:
