WOMEN'S ALPINE GUIDE GLOVE - Montane

The high end of the hardshell market is serious business, but Montane has built a very competitive jacket in the Alpine Pro. Priced at \$519, it stacks up well with big-time players from Arc'teryx, Patagonia, and Outdoor Research.

Review: Montane Alpine Pro | Switchback Travel

The Montane Ice Guide is a well featured and very warm jacket intended as a climbing or belay jacket for winter conditions. In our testing we found the Ice Guide to be not simply warm, but also excellent in fit, and full of quality design touches. At the heavier end of the weight spectrum in this review, the Ice Guide competes with the other warm jackets like the Patagonia DAS Parka.

Montane Ice Guide Review | GearLab

Combined with the Alpine Pro Pants, the Montane Alpine Pro Jacket made the battle with the weather more about a challenge of strength in staying on the path, than a mental one of keeping spirits high and emotions in check. As a result, our mental energy could focus on the essential map reading required in such poor visibility and in such an environment, on the food and drink we periodically needed to remain appropriately fuelled, and an eye on our surrounding conditions to maintain our safety.

Testing the Montane Alpine Pro Jacket - Altimise

The Montane Military Smocks and Military Jackets are built using the knowledge of a company steeped in designing technical outdoor clothing for extreme winter conditions and mountaineering. As a result their military and tactical clothing is waterproof, durable, insulated and packed with useful features.

Montane Military Jackets and Extreme Smocks

The Montane Alpine Equaliser Jacket is a softshell jacket made of Wind Barrier Dynamic material, perfect for hikers and alpine climbers. The material is DWR treated and therefore wind and water resistant and still extremely robust. THERMO Plexus lining has a textured brushed gird microfleece inner.
