The Naked Director | Netflix Official Site

Surgeons Should Operate Naked to Decrease Risk of Surgical Site Infections. This controversial claim was actually made by a well-respected surgeon, Dr. Dellinger, at a well-respected institution, University of Washington Seattle, and published in a well-respected journal, Clinical Infectious Diseases. Although this research article’s title is certainly published in jest, there is an underlying more serious message.

Surgeons Should Operate Naked to Decrease Risk of Surgical ...

Surgery is a patriarchal field which, by the nature of its demanding schedules and those who pursue it, is neither female- nor family-friendly. In addition, there is a severe paucity of female mentors. There are wage discrepancies, as well as a lack of career advancement and leadership opportunities.
