“she’s better than you,” that’s going to make you feel unworthy. Your ego can destroy your self-esteem. It is that voice in your head that will make you always feel insecure, even when you’re in a situation you know you’re good at. This is what you need to understand.

That voice in your head... is your ego

These disturbances could well be hearing voices in your head, conversations heard in an empty room, even music or singing. There are two main types of clairaudient experience: External - when the sounds seem to be outside of your head, just like the sound of a car passing outside. Internal - when the voices seem to be inside your head.
